

Heavy Duty  
Overhead Door Bracket  
for Strip Door

Standard Duty  
Overhead Door Bracket  
for Strip Door

Overhead Door brackets are commonly used when there is an obstacle that prevents wall or header mounting. The Overhead Door bracket hardware is projected out and around the opening of the door.

We offer two Overhead Door brackets. The "Heavy Duty" design provides superior strength up to 24' wide. Our "Standard Duty" design, can be easily adjusted on doorways up to 11' wide. All brackets are zinc plated.
